

JOSHUA FRANKLE

FRONTEND DEVELOPER

PROFILE

Software developer with hands-on experience building modern web applications using **React**, **Next.js**, and **TypeScript**. I craft responsive, high-performance interfaces and contribute to full-stack solutions. Quick learner, strong collaborator, and always eager to experiment with new technologies.

WORK EXPERIENCE

Jan 2024 - Apr 2024

Power of N – Chennai, India

Frontend Developer

- Rebuilt responsive UI components using HTML, CSS, and jQuery,
- Designed and integrated features like infinite scroll, reducing page load friction.
- Collaborated with backend developers to align frontend functionality with server-side logic.

Jan 2023 - Nov 2023
